Academic Council

Chair	Masayuki FUJITA	Professor, The University of Tokyo
Vice Chair	Seiko SHIRASAKA	Professor, Keio University

Members

Institution	Name	Field
Kwansei University	Yasuaki KUROE	Systems engineering, Control theory
Kyoto University	Tetsuo SAWARAGI	Systems engineering, Mechanical engineering
	Hajime KITA	Social simulation, Information Science
	Yuichi IKEDA	Data science, Network analysis, Policy analysis
Keio University	Masaru NAKANO	System design management, Design methodology
	Takuji MAENO	System design management, Human system design
	Hidekazu NISHIMURA	System design management, Model-based systems
	Toru NAMERIKAWA	Distributed cooperative control, Smart city
	Hiroshi TAKAHASHI	Finance, Asset Management, Computer Science
Kobe University	Toshiya KAIHARA	Energy system theory, Information sciences
National Institute of Advanced Industrial Science and Technology	Hideki ASO	Statistical Machine Learning and Artificial Intelligence Technologies
Tokyo International University	Hirofumi MATSUO	Operations management
Advanced Institute of Industrial Technology, Tokyo	Seiichi KAWATA	Systems engineering, Control theory
	Hiroshi HASHIMOTO	Service engineering, Data science
	Yoichi SETO	Cyber security, Risk management
	Yoshihide CHUBACHI	Information architecture, Software engineering
Tsukuba University	Setsuya KURAHASHI	Simulation economics, Artificial intelligence
The University of Tokyo	Shinobu YOSHIMURA	Complex system modeling, Simulation
	Yasushi Umeda	Sustainable design engineering
	Jun OHTA	Robotics, Production systems
	Kazuhiro AOYAMA	Systems Innovation
	Kazuo FURUTA	Resilience engineering
	Yutaka MATSUO	Artificial intelligence
	Yoshiharu YAMAMOTO	Educational Physiology, Biological Informatics
	Katsuhiro NISHINARI	Applied physics /Mechanical engineering
	Kazuhiro AOYAMA	Systems Engineering
	Masahiko INAMI	Virtual Reality, Robotics, Real Media
	Hiroshi NAKAMURA	High-Performance Computing
	Hideaki ISHII	System Control, Large Scale Networks
Tokyo Institute of Technology	Takao TERANO	Systems theory, Social systems
	Isao ONO	Mechanical control system, Control theory
Tokyo University of Agriculture and Technology	Sakae SHIBUSAWA	Agricultural Machinery, Agricultural Informatics
Institute of Statistical Mathematics	Hiroe TSUBAKI	Quality control, Applied statistics
	Yoshiyasu TAMURA	Computational statistics, Time-series analysis
Osaka University	Toru YARIMIZU	DX Technology for Business Management
Hitotsubashi University	Yuichi WASHIDA	Marketing, Future insight
Japan Advanced Institute of Science and Technology	Michitaka KOSAKA	Service science, System science
	Yoji KANDA	Knowledge management, Socio-informatics
	Yukari NAGAI	Knouledge science, Design theory
Yokohama National University	Motonari TANABU	Information Systems, Simulation and Gaming
Waseda University	Tomoji KISHI	Software Engineering
	Shingo TAKAHASI	Software modeling, product line quality assurance
	Hironori WASHIZAKI	Human behavior modeling and simulation
Aoyama Gakuin University	Kinya TAMAKI	business innovation and business creation strategies
Gakushuin University	Kaoru ENDO	Social Science, Media Informatics and Data Science
	Ayako KAWAI	Supply chain management, Operations management
Shibaura Institute of Technology	Yushuke GOTO	Decision support, Data analysis and simulation
Momoyama Gakuin University	Shota OHMURA	Supply chain coordination, Operations management
Nagoya University	Shingo SHIMODA	Robotics, Biological control system, Artificial intelligence
